Anubis

- • What do we do at Anubis?
- Anubis Architecture
- How can you join?
- Q&A

What do we do

- It's all current and former students!
- We have support from the CS department
- We are trying to support more classes at Tandon & CAS
- **1200+** of your peers are using us

What do we do

- The core of what we do can be summarized as:
 - Cloud IDEs
 - Autogading
 - Anti-Cheating

Anubis

- What do we do at Anubis?
- • Anubis Architecture
- How can you join?
- Q&A

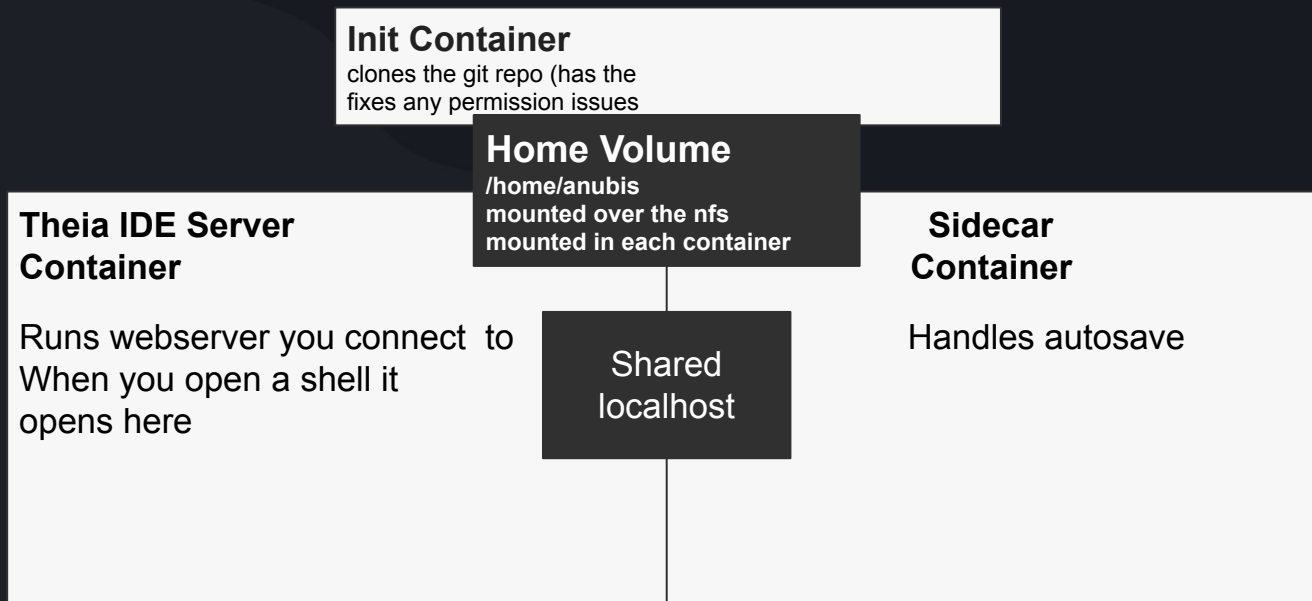

Architecture

- ***Containers! Containers! Containers!***
- ***The most important thing*** in Anubis is ***Containers!***
 - The implementation of containers will be taught later in the semester

Architecture

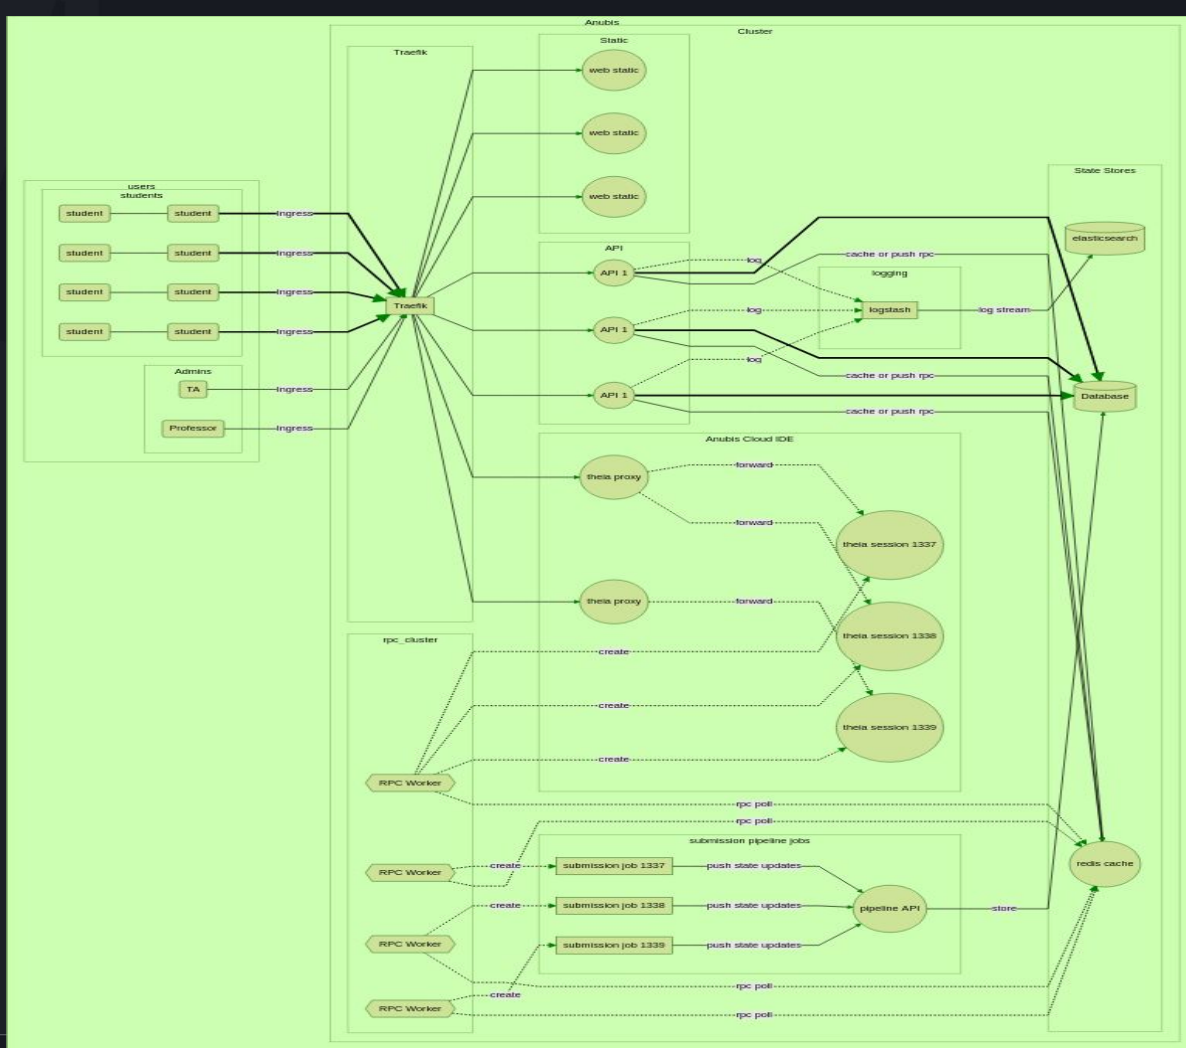

Architecture

- Highly ***distributed system (kubernetes)***
- Build under the ***microservice model***
 - ***API*** (flask)
 - ***Web static*** (reactjs html + css)
 - ***IDE proxy*** (connection router)
